—Mr. and Mrs. J. F. Gallier, of Bowling Green, and Mr. and Mrs. Elmer Meeker and Children, of Toledo, were over-Sunday guests of their mother, Mrs. Kathryn Meeker.

—On Saturday last the paint and repair shop of F. E. Woodin was discovered to be on fire. The alarm was sounded, but the heavy snow on the streets made movement of the fire apparatus almost impossible and the department was thus delayed in reaching the scene. "First aid" of a very efficient character was rendered by use of the fire fighting apparatus of the Chas. L. Koch lumber company, by which means the fire was kept under control and was finally extinguished when the firemen were able to reach the place. The loss is not great although it will be necessary to put a new roof on the building and the contents were badly damaged.

## WHAT AND WHY?

**What** is more necessary to the housewife than a good grocery?

**Why?** Because it is necessary that she have good food to cook with that she may have a healthy and happy family.

## W. J. VEITCH

## Indigestion

**DO YOU KNOW** that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pominville, Stillwater, Minn., who had spent over \$2,000.00 for medicine and treatment was permanently cured by these tablets.

## Chamberlain's Tablets

## "An Ounce of Prevention is Worth a Pound of Cure"

Especially Is This True of a Periodical Inspection of Your Car.....

It serves as a preventative, by detecting symptoms of approaching trouble, which may be easily remedied, but which if neglected, might develop into chronic disease, requiring constant treatment and expense.

It's Less Expensive to Prevent than to Cure?
